

Qualified Recipient Agencies for Donation of Ecological Gifts

Municipalities and Crown Agencies

Qualified Canadian municipalities must be incorporated and capable of issuing tax deductible receipts. Crown agencies of federal, provincial or territorial governments are also recognized as qualified recipients for such gifts.

Charities

Qualified charities must be: (a) federally registered as a charity in Canada (which includes organizations working nationally, provincially or locally); (b) have as one of its primary purposes the conservation of environmental heritage; and (c) demonstrate a willingness and capacity to receive such a gift.

The following list of over 136 charities (and some related organizations) is designed to assist federal and provincial or other delegated officials and agencies across Canada in the administration of the donation process. All of the following charitable organizations are believed to meet these criteria or can be helpful to contact for assistance in pursuing a donation of ecologically sensitive land. This list is effective August 1, 2000. The list will be revised on a periodic basis to reflect new information as it is received. Qualified organizations not listed here will be added in future releases of this report.

National Organizations

The following national organizations are involved in the conservation of ecologically sensitive land in all the provinces and territories of Canada.

[Canadian Council on Ecological Areas \(CCEA\)](#)
2067 Fairbanks Avenue
Ottawa, Ontario
K1H 5Y9
Fax: (613) 521-4808
